## SUMMARY

1.5+ years experienced Frontend Developer with hands-on experience in identifying web-based user interactions along with designing & implementing highly responsive user interface components by deploying React concepts. Proficient in translating designs & wireframes into high-quality code, and writing application interface code via JavaScript and React.js workflows. I feel proud to have accomplished two challenges - #100DaysOfCode and #100DaysOfJavaScript, which I consider a great personal achievement.
